

Bagger Air Clutch/Brake Kit

Part # 46293 Bagger Air Clutch/Brake Kit

The Bagger Air Clutch/Brake Kit replaces the standard electric clutch/brake on your Mark 50 Bagger. The air clutch/brake gives significantly longer life than the electric clutch/brake, resulting in less down time and maintenance cost.

This kit includes the following:

- Air Clutch/Brake
- Solenoid Control Valve
- Filter, Regulator, Lubricator, Gauge Combo
- Electrical Enclosure Box
- All Hardware, Fittings, Hose, Etc. to Install
- Installation Instructions and Diagrams

We are s/l/i/c/e/d bread!
