

Automatic Spray Oiler Kit

Part #30772 Automatic Spray Oiler Kit

Self cleaning nozzles spray a fine mist of oil on lower drum. **This kit reduces crumb and heat buildup on drums, blades, and blade guides.** Timers control the desired length of spray and spray intervals.

This kit may also be used to spray warm water for use in raisin bread, high gluten bread or extended shelf life bread.

The Spray Oiler Kit comes complete with all necessary components, mounting hardware, wiring and installation instructions and diagrams.

We are s/l/i/c/e/d bread!
