

Automatic Double Loaf Eliminator Kit

Part #30778 Automatic Double Loaf Eliminator Kit

Automatic Double Loaf Eliminator Kit stops the slicer conveyors when a double loaf occurs at the slicer discharge conveyor. This allows the bagger to clear the double loaf, and then automatically re-start the slicer conveyors.

**Reducing your cripples...
Results in more production!**

This kit comes complete with sensors, mounting hardware, installation instructions and diagrams.

We are s/l/i/c/e/d bread!
