

Roller Blockade Kit

Part # 32039007

Roller Blockade Kit - Plastic Rollers

Part # 46354

Roller Blockade Kit - Stainless Steel Rollers

The Roller Blockade Kit consists of plastic rollers replacing the old assembly with brass gibbs. This new assembly is also adjustable for various bread lengths. The kit comes complete with installations instructions and diagrams.

The new Roller Blockade Kit provide you with:

1. No Wear

- Adjustments to the blockade assembly are not required because there is no wear.

2. No Lubricating

- No oil is required on new kits as there was with brass gibbs

3. Ease of Product Change

- New roller blockade kit allows for ease of change because of loaf length

We are s/l/i/c/e/d bread!
